1.3 Please give a brief manifesto (no more than 200 words) to include your reason(s) for standing for election and the skills and experience you could bring to the Board of BCVA

I qualified from the RVC in 2002 and am a director of a farm animal only practice in Devon. I enjoy the challenges of working as a clinical vet, alongside the practicalities of starting up, and now running a practice.

One of my main areas of interest, having been at the coal face of the problem for many years, is how to develop a sustainable strategy to move forward with TB control.

I feel I have knowledge and experience which could be of benefit working with organisations concerned with welfare standards. I am proud of the work the cattle veterinary industry has done to decrease antibiotic usage. I believe the collaboration between the veterinary profession and the farming industry is the route to establish public confidence in our farming industry.

I feel passionately about continuing to attract good quality students to work in farm animal practice and to keeping those vets for the long term, particularly in clinical work. I have navigated working in many different types of practice. I currently juggle being a mum of three and owning livestock with veterinary work.

I am easy to get along with and enjoy working with people.
